**BUCHAREST, 11.11.2014 - Master
Workshop on Construction
Claims:**

This Is Not a Seminar - It's a Workshop!

Unlike other seminars, the Master Workshop is a full-day intensive course filled with practical examples and group workshops, which will enable the delegates to completely understand the science behind construction claims.

The Delegates Will Be Involved In Creating & Analysing Several Extension Of Time, Disruption & Acceleration Claims.

Almost 80% Of The Master Workshop Consists Of Advanced/Practical Workshops And Exercises On Claims Including “Real World” Case Studies.

Topics covered during the training include:

- A Detailed Introduction To The Science Behind Claims.
- Extension of Time Claims (With Workshops).
- Disruption/Acceleration Claims (With Workshops).
- Preparing a Defence Against a Claim (With Workshops).
- Key Contractual Problems Related To Claims.
- International Case Law Associated With Claims.

Who should attend?

This Master Workshop is essential for all professionals operating in the real estate and construction industry including contractors, investors, engineers, lawyers, consultants, bankers, insurers and others involved on construction projects.

Please note that a technical background is not required to attend this course.

The Master Workshop will be presented by Mr. N. M. Raj.

N.M.Raj Is The Managing Partner Of Prime Consulting - Construction Claims and Contracts Consultants And An Internationally Renowned Claims/Contracts Specialist (FIDIC & Other Contracts).
